

REMARKS

The applicant has amended the priority claim to insert the United States patent number of United States Application No. 09/408,584 which had not issued at the time of entering the National Stage, to correct the filing date of International Application No. PCT/US00/26870, and to indicate the type of continuing patent application to which priority is claimed.

CONCLUSION

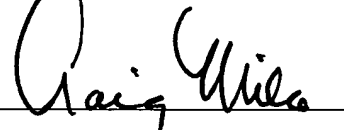

The applicant submits this Second Preliminary Amendment to update the priority claim originally set out in the first Preliminary Amendment.

Dated this 15 day of July, 2004.

Respectfully Submitted,

CR MILES, P.C.
